A BETTER SEWING CHAIR

The Score is a very comfortable chair to sit and work in. When it was developed, our goal was to create a no compromise operator chair that had an extra attention to comfort, yet offered safety and stability as well.

MADE IN CANADA, EH!

The Score chair incorporates essential ergonomic features required by sewers, including height adjustment, tilt mechanism, full lumbar support, glides instead of wheels on the feet and oversized comfort cushions to relieve pressure points. Plus, it's made right here in Canada.

Smart. Professional. Reliable. Since 1955.
