- High-power electric motor
- 1" cutting capacity
- Lightweight and easy to maneuver
- Extra blade, blade key, stone, grease and motor brush included
- Individually tested before shipping

GREAT LITTLE PERFORMER

The Reliable XD-100 can cut from a single ply of fabric right up to 1" high, making it a very versatile, lightweight machine. Perfect for sample making or other light-duty operations.

IDEAL FOR SMALL CUTS

The combination of the octagonal blade, with carbide tipped and spring loaded lower blade, prevents the fabric from jamming. An extra thin base plate and light die cast design make the XD-100 a pleasure to operate.

Smart. Professional. Reliable. Since 1955.
